BOMBS THROWN AT STOLYPIN CZAR'S PREMIER

A Little Child and General Killed and Many Others are Injured

CONFUSION IN THE REPORTS

BUT OFFICIAL BULLETIN SAYS STOLYPIN ESCAPED INJURY.

AS Soon as Outrage Occurred House Was Surrounded With Troops and Admission Denied.

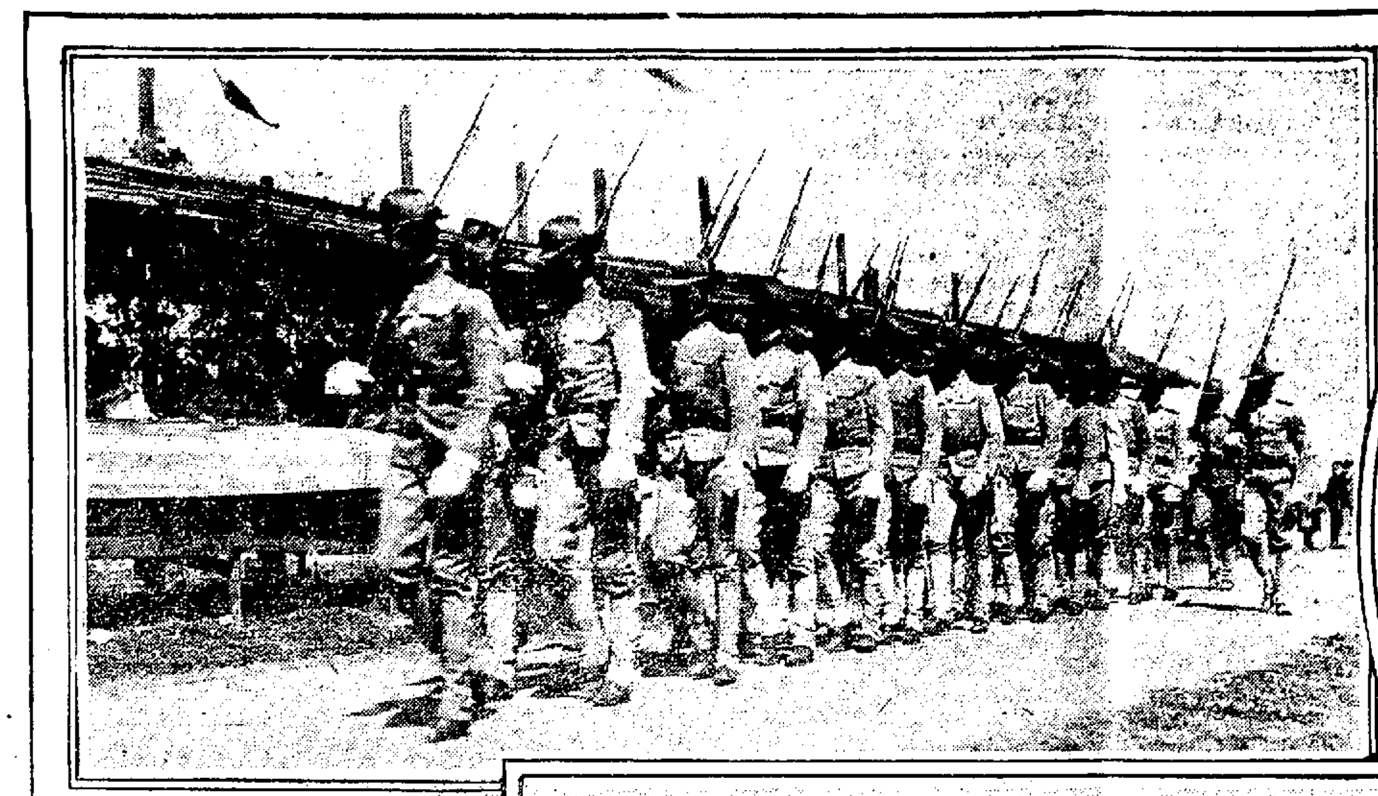

St. Petersburg, Aug. 25—An attempt was made upon the life of Premier Stolypin in his own house at Apothecary's Island this afternoon. Bombs were thrown at the premier by two officers attending him. Stolypin's three year old son and General Zamiapine were killed and many persons were badly wounded. There is a confusion in the reports as to whether the premier himself was injured; but a bulletin was given out this (Saturday) evening denying that he was injured.

As soon as the outrage occurred soldiers surrounded the house and admission was denied so the reports sent broadcast were confusing. One dispatch was cabled to the United States that Stolypin was killed, another that he was so badly wounded that he cannot recover.

The explosion of the bomb set fire to the premier's house, causing considerable damage. It is said that Stolypin's body was almost blown to pieces, and that physicians give no hope for his recovery.

Three weeks ago Stolypin received a letter from the revolutionists containing a death threat. He was told he would be killed for assisting in restoring the reactionary regime. Since then the premier has remained in-doors most of the time. Detectives guarded the house and he was always accompanied by secret service men when it was necessarw to venture forth. It is impossible to tell what effect the attempted assassination of the head of the cabinet will have upon the Czar, whether he will be frightened into giving the people the desired reforms or will resort to even more repressive measures to defeat the terrorists. The premier for some time has been out of the confidence of the monarch, who only retained him because of the difficulty in selecting his successor.

INSURANCE LAW

Millions Will be Held in Reserve for Policy Holders if Bill Is Approved.

St. Paul, Minn., Aug. 25.—Millions will be held in reserve for policyholders of life insurance companies and the cost of insurance will be materially lowered if a bill approved by the insurance commissioners at their session is passed by the various state assemblies next winter. The bill, which require an annual apportionment and accounting of surplus of life insurance companies, is said to strike at the root of all evil on the life insurance company management by holding their officers accountable for the enormous surplus funds accumulated under the deferred dividend contracts, under which nearly all of the large companies operate.

BIGAMY CHARGE AGAINST MR. FRYE

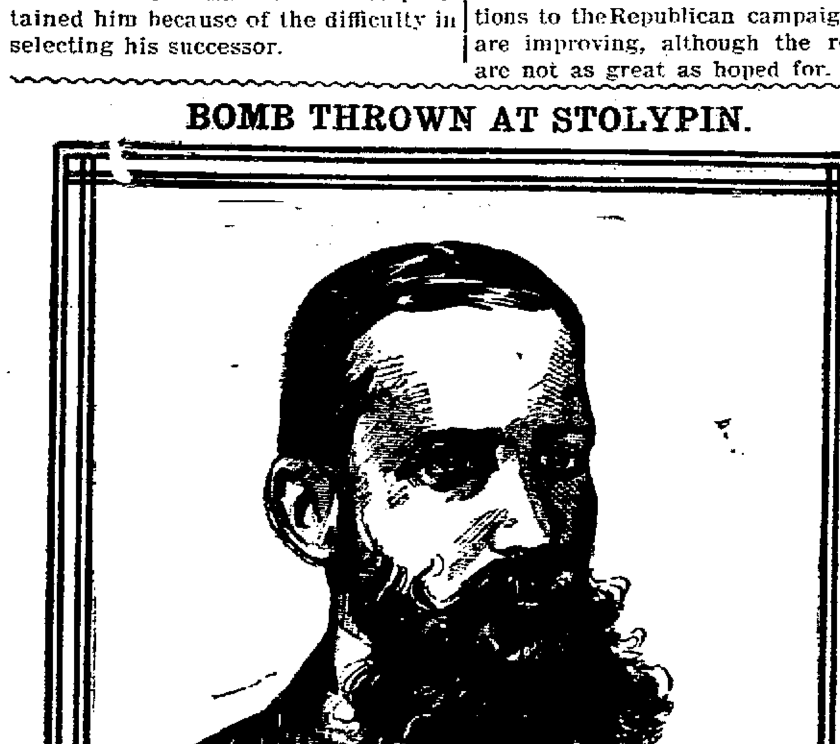

Professor Who Returned Home After an Absence of 31 Years Put Under Arrest.

Chicago, Aug. 25. — Professor Charles Frye, formerly superintendent of the Chicago normal school and who returned to his home recently after an absence of 31 years, which he declined to explain, has been arrested on a warrant charging bigamy. The proceedings against Professor Frye were commenced by Mrs. Clara Goddard of Herley, S. D., who declared that he married her under the name of Charles Goddard. Professor Frye gave bonds as soon as he learned that a warrant for his arrest had been issued, and was at once released after being taken into custody.

Subscriptions Short.

Washington, Aug. 25.—Representative James H. Sherman of New York, chairman of the Republican congressional committee, was in Washington on business. He says that contributions to the Republican campaign fund are improving, although the receipts are not as great as hoped for.

200 ARE HURT IN STREET FIGHT SOME WILL DIE

STRIKERS GATHERED AT SHOP AND ATTEMPTED TO STORM THE FACTORY.

INFANTRY IS CALLED OUT

When Police Drew Swords Strikers Used Their Knives and Some Their Revolvers.

(Bulletin)

Nuremburg, Germany, Aug. 25—Two hundred persons were wounded today, some mortally, in a desperate street fight between the soldiers and police, and the employes of the automobile works here who have been on a strike. It was necessary for a battalion of infantry to attack the strikers with fixed bayonets before the mob dispersed. Several soldiers were also hurt by the missiles thrown at them. The strikers gathered about the works and attempted to storm the place. They used bottles, stones and clubs. When the police drew their swords, the strikers used their knives, and some used their revolvers.

RELIEF FOR VICTIMS

Chilean Senate Appropriates Four Millions to Help Earthquake Sufferers.

Santiago, Chile, Aug. 25.—The Chilean senate appropriated $4,000,000 for the relief of distressed inhabitants. A committee was appointed to examine into the question of granting amnesty to those imprisoned for slight offenses. The government decided to purchase cattle for the sufferers in the northern provinces. It is said over 300 men have been shot by order of the military authorities at Valparaiso for committing robbery.

RELAYING TRACKS.

Cleveland, Aug. 25—The Cleveland Electric company this morning began relaying tracks on Fulton road recently torn up by Mayor Johnson and the city government. No attempt was made to stop the work by the city, because the recent court order gave the company permission to relay the tracks.

A GIRL'S SUICIDE.

Mason City, Ia., Aug. 25—With a smile as the answer to the engineer's continued whistles for her to get out of danger, Miss Maggie Hogan complacently sat on the Milwaukee track at Austin, near her, and waited until the fast passenger hurled her to instant death. It is thought that she was demented as the result of a love affair.

At Cincinnati, O., George Mall, 29, shot and seriously wounded his former friend, Fred Geyer, 23, rival in love affair. Mall gave himself up.

Paul Vetter, 14, of Chicago, drowned in Lake Michigan at Michigan City, Ind.

SUGAR TRUST IS BLAMED FOR REVOLUTION

New York, Aug. 25.—Wall street generally credits a report current that the revolution in Cuba was a direct outcome of the agitation of agents of the sugar trust and that the revolution itself had for its object the annexation of the island to the United States.

According to the report in the financial district, agents of the American Sugar company, controlled by H. O. Havemeyer and Henry H. Rogers of the Standard Oil interests, have been busy in the West Indian republic for some time. These agents, it was declared have been stirring up discontent and with a liberal use of money have formed the revolutionary party. It was stated today that the funds of the revolutionists have come as a result of General Calixto Garcia's visit to New York and his conferences with several wealthy Americans last winter.

The sugar trust, it was pointed out, would be greatly benefitted if the revolution should cause annexation by the United States, as that would mean the abolition of the tariff.

The trust has been actively acquiring plantation after plantation on the island and during the past year, and now owns practically every good piece of good cane-bearing land.

TEXTBOOK FIGHT IS WON BY ELSON IN CLEVELAND

Cleveland, O., Aug. 25—The board of education adopted text books last night for the next five years after a session lasting nine hours. The result showed that Supt. W. H. Elson had won his fight for cheaper books against the book trust. With the exception of two books, every book that had been considered was offered at a price as low as made anywhere in the country on either city or state contract by the various book companies.

On many books that are retained in the school, considerably lower prices were secured than heretofore. On the history 25 cents a book was saved, grammar 5 cents, speller 4 cents, arithmetics about 10 cents. The saving on other books was in the same proportion. Elson, too, selected what are considered the best text books and was supported by the school directors.

About 20 representatives of book concerns were present when the final adoption was made by the board.

KAISER MAY PAY VISIT TO AMERICA

Milwaukee, Wis., Aug. 25 If he can arrange his affairs to leave Germany for an extended trip next year, Emperor William wil pay a short visit to the United States, according to Dr. August Von Schmidt of Stuttgart, Wurtemberg, who is on his way to the City of Mexico to attend the world's congress of geologists.

"Since the visit of Prince Henry," said the doctor, "the German emperor has wanted to make a personal study of the conditions of American society and politics."

WOMAN ARRESTED FOR RUNNING A MOONSHINE STILL

Huntington, W. Va., Aug. 25.—Mrs. Alvira Kincaid, whose wealth is estimated at $75,000, and who has long been known as an active church-worker, has been arrested at Buck, a small town in this state, for violation of the internal revenue laws.

She was, the investigation has proven, one of the most active moonshiners in this section, working her still in a cave over which her residence was erected. The cave nad an outlet half mile away, where the liquor was disposed of.

Her arrest was the result of betrayal by one of the employes of the still, who had become infatuated with her and whom she had made the chief dispenser of the still's product. Through the cave he led the revenue ifficers to the still where her moonshine 10-barrel production was hidden.

She has been held for the grand jury, which meets in October.

ROOSTERS KILLED SNAKE.

Winamac, Ind., Aug. 25—Hearing an unusual noise in his chicken house Lon Hanson, of Starke county, investigated, and found three of his game roosters in a desperate fight with a blacksnake five feet in length. The roosters fought the reptile until they had killed it. Then they strutted around the body crowing lustily.

B. & O. SHOP

At Parkersburg Burned This Morning Throwing out 125 Workmen.

Parkersburg, W. Va., Aug. 25—The carpenters shop at the Ohio River division shops of the B. & O. railroad in this city was destroyed by fire this morning causing a los sof $50,-000. In addition to the building 23 cars of various kinds were destroyed. It is the general opinion that it was the work of an incendiary. The fire throws 125 men out of employment.

The city of Berkeley, Cal., the seat of the University of California, now has more than 30,000 population.

ALL TRACE OF COL. GUERRA IS LOST BY PALMA

With Force of Insurgents He is Somewhere in Pinar del Rio

GREATEST ALARM IN HAVANA

SITUATION IN CUBA TODAY IS PRACTICALLY UNCHANGED

Emissaries of Revolution Are in Paris Trying to Engage Sympathy From the French.

Havana, Cuba, Aug. 25.—All trace of the revolutionary army under Col. Rino Guerra has been lost temporarily. With a force of insurgents variously estimated at from 3,000 to 5,000 men he is moving somewhere in the province of Pinar Del Rio, but the government officials are without information as to his exact location.

Telegraphic communication beyond Pinar Del Rio city has been interrupted and is preventing the government from getting track of its enemy.

Guerra's secret movements are causing the greatest alarm in Havana and Pinar Del Rio. That his ultimate objective is the capture of the provincial capital near which he has been operating is conceded. The defenders of the city do not know in which direction to look for his attack and for that reason are more than alarmed. Since leaving San Luis and San Juan De Martinez yesterday, Guerra's movements have been carefully concealed. He is supposed to have marched on Guines. This movement was promptly hailed by the government as a retreat. The lack of further information from the insurgent leader, however, has aroused other feelings than that of rejoicing among the defenders of Pinar Del Rio. It is generally believed Guerra is marching away from two cities he could easily have held has laid a trap for the government forces. Loyal troops were at once dispatched to seize the towns abandoned by Guerra. This has weakened the force at Pinar Del Rio and made it more open to attack.

The lay of the land is such that by a roundabout march Guerra, after a short march toward Guines, could return and approach within two miles of Pinar Del Rio without being discovered. Eight hours would suffice for him to make this march.

With a part of the small defending force lured away from Pinar Del Rio Guerra's occupation of the place would be made easy. Moreover, if he really has gone to Guant Guerra will be the gainer, as his forces are constantly augmented by the recruiting of men the further he marches. If Pinar Del Rio is to be attacked by the insurgents the next twelve hours will probably tell the story.

The situation this morning is practically unchanged.

The insurgent bands are constantly increasing and recruiting by the government is going on as fast as men and boys can be secured. The preparations on both sides are being conducted actively. Havana province is almost cleared of insurgents. The killing of General Bandera has caused most of the revolutionists to flee and they are returning to their homes. The work of clearing this province was advanced yesterday when a detachment of rurales defeated a band of insurgents near San Antonio DeLos Banos, killing two of the latter and scattering the band.

Whether the government will profit in the end through Bandera's death is doubtful. The report has been industriously circulated among the negroes that he was not killed in battle, but after being captured was disposed of in a small hut to which he was taken. As a result many negroes have left here to join the insurgents forces. In Santa Clara province, the first engagement has resulted in a victory for the loyalists. Rural guards encountered the force of General Manuel Gonzales near Colon and scattered them.

Some arms and ammunition were captured.

The insurgents however, won a victory which counteracts the government successes.

The force of Col. Estrampe was de-

TESTIMONY IN DIVORCE CASE

COMMENCED SATURDAY, BUT SUIT IS ADJOURNED UNTIL WEDNESDAY.

Alfred Trout Files Action Against Wife, Charging Cruelty—Day's Court House News.

The divorce case of Harry H. McConnell against Margaret C. McConnell, was commenced in the Probate court Saturday morning, Smythe & Smythe representing the plaintiff and James R. Fitzgibbon the defendant. The testimony of a few witnesses was taken for the plaintiff Saturday morning when the case was adjourned until Wednesday morning in order to permit the deposition of a witness who is sick to be taken for the plaintiff.

J. F. Lingafelter Trial.

The case of the State of Ohio vs. James F. Lingafelter, charged with forgery in connection with the defunct Newark Savings Bank, of which he was the former cashier, will be commenced in the Common Pleas court this city, on Tuesday, September 4. Prosecutor James R. Fitzgibbon and Hunter & Hunter will represent the State and Smythe & Smythe of this city, and Frank V. Owen of Mt. Vernon, will appear for the defendant. Over 100 witnesses have been subpoenaed on the case, which promises to be fiercely contested from beginning to end. This is an entirely new case and has never been tried before. Lingafelter was tried in Mt. Vernon at the January term of the Court of Common Pleas in 1905 on a similar charge. He was found guilty and sentenced to the penitentiary for five years. He was given a new trial, however, by the Circuit court, which is still pending and should the trial next month result in his conviction the old case will probably never be tried again.

Trout Divorce Suit.

Alfred Trout has commenced suit in the Probate court for divorce from Mary A. Trout. The parties were married November 16, 1880, and there are no minor children. For cause of action the plaintiff charges his wife with extreme cruelty. Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of **Mother's Friend** before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. **Mother's Friend** overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at $1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Water High in Lake.

It is reported that the water level in Buckeye Lake has risen 24 inches during the past three weeks. Much apprehension is felt among the cottake owners abutting the lake on the north side, lest the levee may give way and patrolmen are kept busily engaged watching the dangerous places. The water at a number of points is almost level with the private docks. The heavy and persistent rains that have prevailed in that vicinity are responsibile for the rise.

DEATHS AND FUNERALS

JOHN SHULL.

Mr. John Shull, one of the oldest employes of the B. & O. railroad at this point, died at his home, No. 251 East Main street, Saturday morning at 7 o'clock, after a brief illness of pneumonia. Mr Shull has been working up until a few days ago, when he was taken ill with a severe cold which terminated in pneumonia on account of his advanced years.

Mr. Shull is survived by his wife, but no children. The funeral arrangements have not yet been made.

For many years Mr. Shull was employed as a caller at the B. & O. round house but was assigned to duty in the shops when his advanced years made it impossible to continue in the capacity of caller. He also served in the Union army during the War of the Rebellion, having an excellent military record.

Mr. Shull had a wide circle of friends in Newark and vicinity who will be pained to learn of his death. The funeral will take place from the home at 2 o'clock Monday afternoon.

HENRY FITZSIMMONS.

J. V. Fitzsimmons and his brother John P., passed through Newark Friday on their way to Chattanooga, Tenn., to attend the funeral of their brother, Henry, who was killed by an explosion. The Fitzsimmons brothers formerly lived in Newark.

MRS. MARY A. THRAP.

Within less than a half mile of her birthplace, eight miles distant from Zanesville, on the Newark road, Mrs. Mary A. Thrap, aged 80 years, passed away Friday afternoon at one o'clock at the family home. Two weeks ago a paralytic stroke was suffered by Mrs. Thrap and from this she never recovered. The husband of the deceased passed away only last April. Mrs. Thrap was a highly respected Christian woman and a consistent member of the Methodist Episcopal church. Funeral services will be held at the family home Sunday at 2 o'clock. Rev. Lewis Miller, pastor of the M. E. church at Orville, will officiate. Interment will be made in the Thrap family cemetery.

GEO. A. BURRELL.

George Arthur Burrel was born on August 22, 1905, and died August 20, 1906, aged 11 months and 22 days. He leaves a father, mother and one sister to mourn his death.

Rest in peace, dearest babe,
One short year you lived with us.
One we dearly loved and prized,
Laid dead and cold before our eyes,
Under the daisies, under the sod,
From loving arms to the kingdom of God.
Toll the bell softly in saddest refrain,
Angels will answer the unbroken strain.
We saw your suffering, heard your cries
With sobbing hearts and weeping eyes.
But now he calmly sleeps at last,
All grief, all pain, all suffering past,
God loved him too, and he thought best
To take you home and be at rest.

NATURAL GAS NOTES

Thomas Smith, supervisor in District No. 1, Miller township, has stopped the Logan company by injunction, from laying their 12 inch pipe line along Kinney road nearer than four or six feet from the highway or throwing dirt from the excavation upon the highway.

The B. & O. had several engines die near Mansfield recently, and investigation showed that salt water from a gas well west of Mansfield was running into the creek from which the railroad tank got its supply. The salt water has since been turned from the stream and all is well again.

Pearson No. 4 a recleaned old well was shot with 40 quarts last Wednesday, with no good results. It is a well of the Columbus Gas and Fuel company—which is the new name of the Central Ohio and not the Smith company which is titled simply the Columbus Natural Gas company.

The Ohio Fuel well on the Mit Sellers farm came in good. Lamberton drilled it.

The Central Ohio is starting a well on the Tatham farm in Granville township.

Contractor Schrier will start a well near Mansfield for the Logan company tomorrow.

Schrier is [illegible] for the Logan company midway between Newark and [illegible].

The Columbus Natural Gas company drilled in a small well last week on the Colville lease two miles northwest of Granville. Morey gave it a 60 quart glycerine shot Thursday and it was making less than a million of gas when it was shut in.

Schrier is having a derrick built at the Charles Clark well of the Clark Oil and Gas company for the purpose of pulling the tubing and re-packing it.

The country in which the large [illegible] most nearly equidistant is [illegible]. They are at an average distance of 29 miles from one another.

JUDGE ATE CROW

Americus, Ga., Aug. 25.—While hundreds guyed him, Judge James Nixon, of the city court, and former state senator, ate broiled crow because Clark Howell was defeated for governor by Hoke Smith.

Nixon was a Howell man and agreed to eat a broiled crow if Smith won. Howell lost and Nixon gamely paid the bet.

The fact that he would "eat crow" was extensively advertised, and Judge Paschal, with whom Nixon made the bet, gave a barbecue dinner to which hundreds were invited.

Hurbaugh certainly has big furniture wagons, because they move very near every family in one load. 5-21dtf

WM. SIMPKINS' BOND IS $400

NEWARK MAN IS REARRESTED AT MT. VERNON ON COMPLAINT OF MRS. RALEY

Hearing Was Conducted Before Justice Harter in Mt. Vernon, Saturday Morning.

Mt Vernon, O., Aug 25.—William Simpkins, who was arrested in Newark two weeks ago on a paternity charge preferred by Mrs. Jennie Raley, was bound over to court by Squire Harter this morning, his bond being fixed at $400. He furnished bond and was released but was immediately re-arrested on two similar charges by Mrs. Raley. The date of the hearing in this second case has not been set.

The case is a peculiar one in that the Raley woman and Simpkins lived together here for fifteen years or more but were not married. Simpkins recently left his home here and his arrest followed in Newark.

Ohio Democracy's Stand Against Party Bossism.

The people of the state of Ohio have had sufficient time to reflect upon the action of the Democratic state convention, which met in Columbus on Tuesday and Wednesday, for all who are not under the influence of political bias to agree that the work was well and wisely done. It was such a convention as many Republicans of the state have been fighting to secure and would welcome for their own party, a convention noted for the free expression of opinion and the absence of bossism. It was a convention in which the delegates transacted the business and had something more to do than obey orders from the boss. There were differences of opinion on matters of party policy, but the fact that there were differences freely expressed is the best evidence of the absence of anything resembling bossism. The convention paid tribute to the memory of the late Governor John M. Pattison in the platform adopted which declares for reforms that could not be accomplished in short time after the victory of the people last fall. The spirit of Pattison guided the convention in its work, and it will move every Democrat and every independent voter whose sympathies were with the cause he represented in the campaign against bossism a year ago.

The Pittsburg Post, which always devotes much interest to Ohio politics, passes a eulogy on the platform adopted in these words:

"The platform is a brave deliverance. It is saturated with the pure Democratic doctrine of home-rule. Thus it pronounces for the initiative and referendum under sensible legislation. It demands taxes upon untaxed franchises and leaves to local option the installation of publicly-owned utilities. It declares for the Oregon system of electing senators. While fairly cataloguing the measures passed under the brief Pattison regime, it justly notes the strange failure of Mr. Roosevelt to utter one solitary word to prevent the suffocation in committee of the bill to stop political contributions from corporations."

The Democracy's cause this year as last is the cause of the people of Ohio against the political machine and all the abuses of the past for which it is responsible and all that it stands for today. The ticket nominated deserves election in November, and it will be elected if the people of the state are of the same frame of mind as they were when Pattison led them to victory with vital issues against the boss-ridden Republican organization being made and sustained by events shortly after election.

President Roosevelt has had several private conferences recently with his close confidential friend, Postmaster General Cortelyou, who is also still chairman of the Republican National Committee. The fact came out a few days ago that the national committee still had in its possession some $400,000 of corporation money that Cortelyou had skillfully collected in 1904. But as the dollar subscription process is not bringing in the money that is now needed for Republican campaign purposes, Mr. Cortelyou is expected to get busy again with the corporations and trusts for the purpose of raising the required funds in the regular old machine way. And the trusts, of course, will be given the requisite pledges of "protection."

J. F. LINGAFELTER HOME IS BOUGHT BY MR. BECKMAN

In the case of Edward W. Crayton, trustee in bankruptcy, against James F. Lingafelter, the Lingafelter homestead, corner of Church and Second streets, this city, was sold at public sale Saturday afternoon to C. C. Beckman for $8,255, being over three fourths of the appraisement on the property.

In the case of Albert A. Stasel, receiver, against Francis A. Grable and others, 14 lots in the Grable, Lingafelter & Clifton addition to Newark, were sold by the sheriff to John A. Chilcote for $825.

In the case of C. E. Hoover, administrator of Frances Wertz, the aged woman who was murdered at her home in McKean township a litle over a year ago, two parcels of land containing 30 acres, were sold to A. J. Wertz, a son of the deceased, for $1409

BURGLAR VISITS M'CRUM HOME

PEARL M'CRUM FOUND A MAN PROWLING THROUGH HOUSE FRIDAY NIGHT.

In Making His Escape Fellow Ran Over Cherry Tree and Broke It Off.

Judging from the looks of things there is a regularly organized band of thieves in Newark, who are seemingly plying their business unmolested. For several nights in succession burglaries have been reported to the police, but thus far no arrests have been made.

Friday night, about 12 o'clock, as Pearl McCrum, son of Mr. George McCrum, the well known shoemaker, entered his home on Locust street, he nearly ran against a robber who was prowling through the house. The fellow made a sudden dash and escaped through the front door. In his haste he collided with the trunk of a cherry tree, around which vines are growing, and so great was the force of the collision that the stump of the tree was broken off near the ground. The robber succeeded in making good his escape.

WHEEL CAME OFF

Badly Frightening Horse, But Occupants of Buggy Escaped Serious Injury.

Mrs. George Stare of South Sixth street, and Mr. Clem Alspaugh of the Singer Sewing Machine company's office here, had a narorw escape from serious injury near the corner of Fifth and Granville streets Saturday forenoon. Mr. Alspaugh and Mrs. Stare were driving north on North Fifth street when one of the front wheels of the carriage suddenly came off, frightening the horse so that it immediately began to run. Fortunately for the occupants of the carriage the animal stumbled and fell just as it turned the corner of Granville and Fifth streets. Both Mrs Stare and Mr. Alspaugh were jarred out of the buggy, but neither was injured.

This is Mrs Stare's second narrow escape within the past few months Only a short time ago she was injured in the railroad wreck near Bloomdale, O., which resulted in a number of deaths.

PROF. CHAS. LAKE

Alexandria School Superintendent is Appointed Examiner by Probate Judge Brister.

Probate Judge E. M. P. Brister on Saturday morning appointed Prof. Charles Lake, a well known and prominent young educator of Licking county, and for the past two years superintendent of the Alexandria public schools, as county school examiner for a term of three years next succeeding. Mr. Lake succeeds Mr. Osborn, who has been filling a short term on the board. The appointment will be a very strong and popular one.

CALF DIED

After Sucking Poison From Man's Finger, But Latter's Life Was Saved.

Thurmund, W. Va., Aug. 25—When gathering huckleberries at the headwaters of Potter's creek, Beirne McCormick was bitten by a rattlesnake, the reptile sinking its fangs into his finger and hanging on until shaken off.

In a nearby field were two calves attempting to feed from a cow. Thoroughly frightened McCormick leaped the fence, caught one of the calves and placed the bitten finger in the animal's mouth. The calf immediately began sucking forcibly on McCormick's poison filled digit, drawing all the venom into its own system. McCormick has suffered but little from the effects of the bite, but the calf is dead.

Is State Republican Convention to Be Held at Dayton.

AFTER THAT THE RACE BEGINS

Local Option Issue and Tax Proposition Left Out of the Democratic Platform Will Be Offered to the Dayton Convention — Two Planks Lost or Stolen.

Columbus, O., Aug. 25.—Having set the pace for the first time in many years the Democrats of Ohio are watching and waiting with keen interest to see what will be the outcome of the state Republican convention at Dayton Sept. 11-12, for that is the next big political event in the state this year.

Plans for beginning the campaign are somewhat uncertain. At any rate, nothing will be done until after the Dayton convention. There is some talk of having no campaign opening, but to have Mr. Hoskins take up his canvass for secretary of state when it best suits his convenience toward the latter part of September. Last year the Democrats began their state campaign at Newark Sept. 23. Mr. Hoskins will be the chief speaker for the Democracy during the campaign.

* * *

Senator Charles Dick came out in an interview at Akron in which he makes some radical proposals for conducting the state convention at Dayton, evidently an indirect reply to some of his critics. He declares in favor of making a platform by the convention in committee of the whole, in which all issues are to be debated and without the intervention of a committee on resolutions. As to the

GEORGE H. WATKINS,
Who Seeks Renomination as Member State Board Public Works.

issue of the indorsement of the two Ohio senators, Senator Dick says he is willing that two resolutions shall be presented to the convention, one indorsing and the other censuring the senators, and the delegates choosing between them. He also declared in favor of a change in the rules of the party organization, and suggests that the committee on rules bring in a rule providing for the election of the chairman of the state executive committee by the convention itself.

* * *

The new state Democratic executive committee named by the new central committee after the convention is composed of the following: Harvey C. Garber, Columbus, chairman; W. L. Finley, Kenton, secretary; Fred J. Heer, Columbus, treasurer; James P. Madigan, Cleveland; I. H. Huffman, Hamilton; L. C. Koplin, Akron; H. E. Taylor, Portsmouth; A. N. McCombs, Cadiz; Representative Edward S. Wertz, Wooster; John Wood, Georgetown; J. H. Newmann, Piqua; W. R. Nivin, Bellefontaine; L. M. Smith, Bucyrus; Thomas J. Noctor, Cincinnati; John T. Ryan, Toledo. This committee will continue in existence two years.

* * *

Samuel A. Hoskins, the Democratic nominee for secretary of state, is an attorney at Wapakoneta. He was born March 5, 1865, in Union county, on a farm. Mr. Hoskins graduated from the Ohio Northern university at Ada in 1887. Previous to that time he taught school seven years. In 1890 he graduated from the Cincinnati law school. He is just finishing his second term as prosecuting attorney of Auglaize county. He is president of the board of trustees of the Ohio Northern university. He is also president of the new Lima hospital commission appointed by Governor Pattison shortly before his death.

Charles A. Haupert, nominated for state school commissioner, is superintendent of schools of Wooster, and is a well-known educator. Professor Haupert enjoys a wide acquaintance, gained in part by lecture work before teachers' institutes.

Rodney J. Diegle, candidate for state dairy and food commissioner, is press agent and assistant manager of the Cedar Point Resort company. He spent one season as press agent for the Al G. Field minstrels, and was formerly engaged in newspaper work at Columbus and his former home in Marion.

George E. Niswonger, nominee for member of the state board of public works, is a farmer, and has held only one office, that of county commissioner.

* * *

A caucus of Independents was held in Columbus. Among the most prominent men present were E. B. Southard and J. H. Ono of Toledo, Dr. R. H. Reemelin of Cincinnati, W. J. McCullagh of Toledo, M. L. Groendyke of Toledo, W. W. Dunlpace of Bowling Green and Coroner Faber of Toledo. McCullagh was made chairman of the meeting and Dr. Reemelin secretary. The Independents will not put forward state and municipal tickets this year, but will encourage organization of independent movements in the several counties in Ohio this fall looking forward to the organization of one grand independent (nonpartisan) state movement in the fall of 1908. A mass meeting will be held in Columbus Sept. 1, at which time it is probable a state platform will be adopted. A platform as suggested by Mr. Southard contained planks for the more equal assessment of railroads and making it a crime for candidates to pay any money while campaigning.

* * *

On account of the 2-cent fare law no special rates will be granted for the Dayton convention. F. C. Donald, commissioner of the Central Passenger association, has written to John R. Malloy, secretary of the state executive committee, as follows: "The general assembly of Ohio, having fixed a rate of 2 cents per mile, effective March 10, 1906, the transportation lines consider that they may not reasonably be asked to further deplete their revenues by conceding reductions from this probably unprofitable basis."

* * *

At a conference between Governor Harris and H. H. Shirer, secretary of the state board of charities, the governor decided to appoint a committee of two from the board of charities to make an investigation and report to the full committee on the charges of irregularities at the Athens state hospital affecting the steward, J. L. Carpenter, a former member of the state senate. Jesse N. Oren of Wilmington, Republican, and R. C. Burton of Zanesville, Democrat, were appointed to conduct the investigation. Most of the testimony will be taken in Columbus and Athens, though witnesses may be heard in other cities.

* * *

Insurance Commissioner Vorys was at St. Paul, Minn., to attend a meeting of the committee of 15 appointed at the Chicago April meeting to prepare certain changes in insurance laws and forms to be submitted to the annual convention of state insurance commissioners to be held in Washington, D. C., in October. At the Chicago conference, consisting of governors, attorney generals and insurance commissioners of the various states, there was considerable discussion of needed changes in the management of the insurance by the different commonwealths, and the report prepared at St. Paul will embrace many of the recommendations in that line.

* * *

Dr. William Brundage was appointed assistant physician at Columbus State hospital by the board of trustees to fill the vacancy created by the resignation of Dr. William Richardson. The appointment is subject to confirmation in September. Dr. Brundage graduated from the Ohio Medical college last year and has since been an interne at the hospital.

* * *

Notices were sent to packing houses whose products violate the state's pure food laws that they must withdraw all such articles from the Ohio market. Each was advised of the result of the chemical analyses of the food products bearing their brands.

The dairy and food commissioner, Horace Ankeney, expects no trouble over the notices. He says that, judging from recent precedents, all packers will comply with the ruling of the department and use products which conform to the laws. "There has been a misapprehension regarding the number of canned meat products examined for this department in which dangerous preservatives were found," said Mr. Ankeney. "The fact is that most of the samples were all right, while in those that were not the percentage of preservatives was so light that it is questionable whether they are really dangerous to health."

Deafness Cannot be Cured.

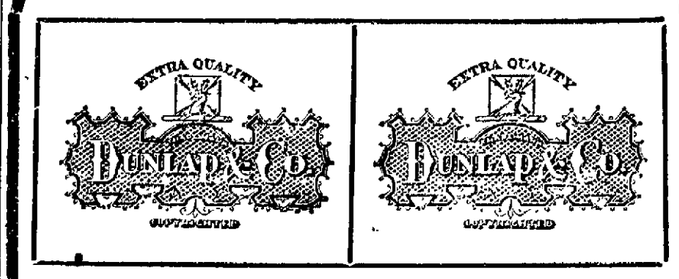

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

RUNS WILD

"Dead" Locomotive Suddenly Became Animated and Finally Wrecks a Train.

Davton, O., Aug. 25—Panic seized a crowd of employes of the Cincinnati Northern Traction company south of this city when an apparently "dead" locomotive, used in structural work along the line, suddenly became animated and sped away without a guiding hand on board. The engine was undergoing some minor repairs on a temporary switch when it took "French leave." There suddenly was noticed a cloud of smoke from the smokestack, a grinding, rasping noise and the steel horse was off. It shot over to the main track and down through the valley until it reached a point about a mile distant, when it crashed against a train of gravel cars, badly damaging several of them, the engine itself being practically wrecked.

FIVE LIVES

Were Saved by the Heroic Boy Whose Body Was Cut in Two by the Cars.

Providence, R. I., Aug. 25—Vincenzo Bianca, 15 years of age, saved the lives of five workingmen in a brick kiln in the Nayatt yards yesterday and was killed himself.

His body was cut in two by a freight train which would have ground the men to pieces. The cars were being backed onto a runway which they would have struck and been hurled down upon the men in the kiln. Bianca went down the track shouting to the men. They jumped and the boys body was caught between the foremost freight car and the runway and badly mangled.

PHOTOGRAPH

Of a Strange Woman Whom Her Husband Adored, Was Forced Before Her by Him.

Indianapolis. Ind., Aug. 25—Alleging that she was forced to face day after day the photograph of a strange woman who her husband told her was the only woman he loved, Mrs. Emily Kennedy of Pike township, has filed suit for divorce from James W. Kennedy. Mrs. Kennedy declares she knew her husband was paying attention to another woman, but that it was not until after he brought the photograph home that she began to remonstrate.

She declares her husband put the photograph in a bracket in a prominent part of the house and threatened her with terrible punishments if she disturbed it. The picture was in a place she had to pass and repass in her work, she says, and was a source of great mental pain. She also says her husband frequently would take the photograph from its bracket, and holding it tenderly in his hands before her, would speak to it, and tell her that the woman in the photograph was the only one he loved.

FRANCHISE WAR AT CLEVELAND

Another Injunction Issued Against Three Cent Fare Line

RIGHT OF WAY DISPUTED

TWO ARRESTED FOR TAMPERING WITH AIR BRAKES

Baby Scalded--Dead on Bridge---Freight Handlers Strike---Killed by Lightning---Ohio News.

Cleveland, O., Aug. 25.—Application was made by the Cleveland Electric Railway company for an injunction against the Municipal Traction company to prevent it laying tracks on "free territory" in the city. The latter company is known as the proposed 3-cent fare line and is understood to be intended ultimately for municipal ownership.

For cause of action the old line junction attacks the validity of the ordinances granting a franchise to the new company and makes the Municipal Traction company and the board of public service defendants.

The application for injunction was made in common pleas court, and the matter will come up before Judge Keeler today.

Tampered With Airbrakes.

Ashtabula, O., Aug. 25.—Two men were arrested at Ashtabula, charged with tampering with the airbrakes on a Lake Shore freight train to cause a wreck. Three or four heavy freight trains have broken in two lately on the steep grade between Ashtabula and Summit, and in the runaway of parts have done much damage. The men arrested are Clifford Truesdale of Youngstown and Felix Fumisa, an Italian. Truesdale was bound over to the grand jury. William Ellis, the conductor on the train, says he saw Truesdale turn on the airbrake hose 12 cars back from the engine as the train was to pull out for the grade.

Killed by Lightning.

Springfield, O., Aug. 25.—Lawrence Dixon, 27, son of a farmer living three miles south of South Charleston, was found dead under a tree in the woods a half mile from his home. His watch was half melted and his hat was torn. It is believed he was struck by lightning in a thunder storm shortly after the young man had left home to make a visit to a neighbor's. It was believed he was at the neighbor's house until a brother from another city arrived home and set about hunting for him.

Arrested In Italy.

Columbus, O., Aug. 25.—Information was received at police headquarters that Libero Palladino, wanted for the murder of Mike Lombardo at Marble Cliff, a suburb, just a year ago, had been arrested at his native place, Guardiaugia, and was held in confinement at Campobasso, Italy. The police department informed the county prosecutor's office of the arrest of the alleged murderer in Italy, but it was decided that no steps would be taken to bring him back.

Fatally Injured.

Niles, O., Aug. 25.—Williams Westlake, one of the oldest conductors on the Baltimore & Ohio railroad, was seriously injured. Westlake with his crew was engaged in raising a car near the furnace trestle when one of the blocks flew back, striking him in the chest. He was knocked over the trestle, a distance of 18 feet, and rendered unconscious. Later he was taken to his home in Warren, O. Word from his bedside says he can not recover.

Drank Acid by Mistake.

Findlay, O., Aug. 25.—While Miss Nellie Dean was canning fruit there were two glasses on the table beside her. One contained oxalic acid for taking out fruit stains and the other water. In picking up a glass to take a drink she picked up the one containing acid and drank a quantity of it. Only the immediate arrival of a physician saved her life. Her mouth was badly burned.

Shot at Frog, Killed Friend.

Canton, O., Aug. 15.—Cornelius Labbe, 15, of Canal Fulton, was accidentally killed by a companion, Harold Rhoades, while they were hunting frogs at Cedar Bridge. Rhoades, in attempting to shoot a frog, pulled the trigger before Labbe was out of range, and the shot entered the boy's neck, severing the jugular vein. Young Rhoades is frantic.

Convention Recessed.

Youngstown, O., Aug. 25.—The Republican congressional convention, which convened here Tuesday to nominate a successor to Congressman James Kennedy, adjourned to meet in Salem Aug. 28. So far 250 ballots have been taken without result. The final ballot was: Kennedy 68, Speaker 76, Grant 115.

Struck by Lightning.

Larue, O., Aug. 25.—While assisting his wife to tack down a carpet in their new home north of this place Howser Denman was twice struck by lightning, the second shock rendering life extinct. Mrs. Denman was severely shocked, but will recover.

Dead On a Bridge.

Columbus, O., Aug. 25.—With hardly a mark on it, the body of Henry Collins, 23, living near Marble Cliff, was found in the center of the Panhandle bridge over the Scioto river near Arlington. The police believe the man fell off a train.

Freight Handlers Strike.

Cincinnati, O., Aug. 25. — Freight handlers of the Chesapeake & Ohio and the Kentucky Central railroads struck here for 17½ for 10 hours' work and time and a half for overtime. There are 200 men out.

Shooting Held Accidental.

Springfield, O., Aug. 25. — David Nelson, who was taken into custody after the distressing accidental shooting in which his sister lost her life, was discharged. The verdict of Coroner Thomas was that the shooting was entirely accidental and that no one could be held blamable.

Found Rattler In Her Bed.

Dayton, O., Aug. 25.—Miss Martha Thiele, 27, found a big rattlesnake coiled up at the foot of her bed. She was too frightened to run and the snake bit her. She is in a serious condition.

Whitecap Notices.

Lima, O., Aug. 25.—Great excitement has been occasioned here by the acts of a whitecappers' organization, which has been placarding homes of various business men and others about the city. W. B. Shumaker, a grocery clerk, reported to the police that for the third morning this week he had found tacked to his front door with a sharpened case knife the following: "Either leave drink alone or leave town at once. Treat your wife right, or suffer the consequences."

Babe Fatally Scalded.

Washington C. H., O., Aug. 25.—During the temporary absence of his parents from the dining room, the 1-year-old son of Mr. and Mrs. Ernest Thum of Jamestown, O., pulled a kettle filled with boiling water on himself, burning his face and body so frightfully that death ensued. The sorrowing mother was formerly Miss Bertha Gregg of this city.

Found In the Lake.

Cleveland, O., Aug. 25. — The body of Herbert H. Whitney, assistant quartermaster of the Second regiment Knights of Pythias, was found in the bay at Johnson's Island and brought to Cleveland. Whitney disappeared Aug. 19, and it is supposed that while temporary insane from the effects of the heat he committed suicide.

CHURCH CORNERSTONE LAID.

Marysville, Aug. 25—The cornerstone of the new Methodist Episcopal church at Milford Center was laid yesterday. There was a large attendance. The principal addresses were made by Rev. F. M. Evans of Plain City, and Rev. Wm. McK. Brackney of Marysville

SHOCKED WHILE TELEPHONING.

Marysville, Aug. 25—While Richard Palmer, a farmer of Leesburg, was talking over the telephone, lightning struck the wires, hurling him across the room. He was severely shocked and it was thought for a while the would not recover.

NERVE TABLETS

Sergeant Orr's Letter

Nerve troubles are real. They lead to disastrous results. That may happen to any one. Zell Nerve Tablets feed starved nerves. That's why they restore perfect health. They build nerve strength. They tone up the nervo-spinal system and make rich red blood.

Read what Sergeant Orr, winner of the Sea Girt championship medal for rifle shooting, says about Zell Nerve Tablets:

NEWARK, OHIO, Sept. 28, 1905.

THE ZELL DRUG CO., Galion, Ohio.

Gentlemen.—I want to express to you my appreciation of your valuable Nerve Remedy—Zell Nerve Tablets. When I began practicing for the annual State Shoot last summer, I was weak, nervous, and far from condition for such an ordeal. I decided on your remedy as the proper one to use in my case, and used it constantly during my practice and during the shoot, and was highly gratified to be able to win the championship of Ohio in this shoot, and to be selected as one of the contestants in the National Military Competition Shoot at Sea Girt.

My success I attribute largely to the use of your remedy and continued use of them up to and during the Sea Girt Shoot, and give it credit for assisting me very materially in the winning of the title which I now bear, the Champion Military Rifle Shot of the United States.

I regard your remedy as a most valuable one, and would advise any one needing a Nerve Remedy to at least give Zell Nerve Tablets a trial. Very truly,

(Signed) SERGEANT CLARENCE E. ORR,

Dyspepsia Is Often Caused By Catarrh of the Stomach—Peruna Relieves Catarrh of the Stomach and Is Therefore a Remedy For Dyspepsia.

Hon. M. C. Butler, Ex-U. S. Senator from South Carolina for two terms, in a letter from Washington, D. C., writes to the Peruna Medicine Co., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, besides a good tonic."

CATARRH of the stomach is the correct name for most cases of dyspepsia. In order to cure catarrh of the stomach the catarrh must be eradicated.

Only an internal catarrh remedy, such as Peruna, is available.

Peruna exactly meets the indications.

NEWARK GIRL

Meets With Discouragements on Her Visiting Tour—She Was Much Worried.

Coshocton, Aug. 25—Jennie Reynard, a 13 year old girl of Newark, had a rather discouraging experience Wednesday, when she started for a visit with relatives in Trinway and Coshocton.

She spent the day in Trinway, and on account of the family she was visiting having other company and being short of sleeping room, her visit was cut short there and she was put on the evening train and sent to Coshocton.

Upon arriving in this city she went to the home of her aunt, Mrs. Mills, on South Eighth street, only to learn from a neighbor that the family were visiting Mrs. Mills' parents at Walhonding.

The child was much worried over her predicament, but kindly disposed neighbors took her in and cared for her over night. On the following morning her new found friends got into telephonic communication with Mrs. Mills at Walhonding, who advised that her neice be put on the morning train on the T., W. V. & C., which was done, and the girl, who is a bright and mannerly little miss, went on her way rejoicing.

LEAD NOT GOLD

A Sum of Money Amounting to About $75,000 Has Mysteriously Disappeared.

St. Petersburg, Aug. 25.—A sum of money approximating $75,000, three-fourths of which belonged to the state, mysteriously disappeared while in transit from Erivan to St. Petersburg. Packages addressed to the Imperial bank when opened here were found to be filled with lead, but experts declare that the seals were not tampered with. The weight of the packages corresponded exactly with the figures accompanying, leading to the suspicion that the substitution may have been made before they left Erivan.

Damaged by Fire.

New York, Aug. 25.—Nearly an entire block of business buildings on West Fourth street, between Mercer and Greene streets, was partially burned, causing damage to a dozen firms exceeding $250,000. The fire was confined to the upper floors of the several buildings, but the great volume of water poured in by the firemen before they controlled the blaze seriously damaged everything below.

Indians Eschew Politics.

Tahlequah, I. T., Aug. 25.—The Ketowah society of Cherokee full bloods adjourned, after meeting near here, with a decision to let the politics of the white men alone. Orators openly declared against Indians taking an active part in the politics of the new state, and pledges were secured from 1,000 full bloods who promised not to vote at all. About 3,000 Indians attended the meeting.

LISLE PROPERTY GIVEN TO FATHER

DR. JAMES W. LISLE HAS GONE EAST ON VACATION AND PAPERS CAN'T BE SERVED.

Deputy Sheriff Would Serve Papers in $5000 Damage Suit Filed in Mansfield.

Deputy sheriffs are seeking in Columbus for Dr. J. W. Lisle, one of the defendants in a suit filed in Mansfield by Chester Cairns, a railroad man, who alleges that Dr. C. H. Lisle alienated the affections of his wife, and asks $5,000 damages. The details of the case were recited in Friday's Advocate. Dr. J. W. Lisle is a former Licking county man.

It is alleged in the suit that Dr. C. H. Lisle has made over his property to Dr. J. W. Lisle. Both of them have relatives in Columbus. Among them is Dr. Leslie M. Lisle of 141 East State street, who said:

"Dr. J. W. Lisle is now on his vacation in the East, as far as I know. He was visiting in Columbus, for a few days, but it is my impression he has left the city."

Sheriff George J. Karb received the summons to be served on Dr. Jas. W. Lisle Friday at Columbus.

TRANSFER OF TROOPS

From Fort Brown Was Postponed Pending Investigation.

Brownsville, Tex., Aug. 25. — After all preparations were made for the removal of the negro soldiers to Fort Reno, Okla., a cipher message was received by Major Penrose directing him to hold the three companies here pending arrival of General Bell, chief of staff, to make a thorough investigation. Consequently there is some perturbation, and there was a renewal of the precautions taken to see that none of the colored troops entered the town.

Captain McDonald of the rangers caused the arrest of these members of Company C, Twenty-fifth United States colored infantry: Sergeant W. O. Bower, Sergeant George Jackson, Corporal David Powell, Oscar W. Reed and J. H. Askew, on the charge of being principals in the recent raid which resulted in the killing of a citizen and wounding the chief of police.

NEW PEAK NAMED.

It Will Be Called Perry Peak In Honor of Discoverers.

Washington, Aug. 25.—The treasury department received a brief report of a visit made by officers of the revenue cutter Perry a few weeks ago to the new peak which recently sprang up on Fire island, one of the Bogoslov group of the Aleutian chain, about 60 miles west of Unalaska, Alaska.

The south end of Fire island consists of two long spits, from a half to three-eighths of a mile long and about 15 feet above high water. On the western spit the new volcanic peak sprang up abruptly from the water to a height of about 700 feet, and in shape greatly resembling a beehive, with a base about 800 feet in diameter. From the numerous crevices columns of steam and sulphurous gases continuously arise and form a cloud which is visible more than 30 miles. Although the surface of the new peak was warm and soft in places, the officers succeeded in reaching the summit. In recognition of the fact that the officers of the revenue cutter Perry were the first persons to visit the new peak they named it Perry peak.

Pray Without Pay.

Chicago, Aug. 25.—Four girls were discharged recently from the Zion City lace factory for failing to obey a rule requiring them to pray during work hours, but to do so on their own time. It is the custom to deduct pay for the time spent in prayer. Four of their number slighted the "prayer hour," and were dismised in consequence.

Strike Averted.

Manchester, England, Aug. 25.—The threatened strike of iron molders in the engineering trade of Manchester and southeast Lancashire was averted. The molders, who demanded an immediate advance of 50 cents per week, accepted an advance of 25 cents now with a promise of an additional advance of 25 cents in January.

Filibusters at Tampa.

Tampa, Fla., Aug. 25.—A secret society of Cuban negroes, with about 60 members, was formed here, the reported purpose being to go to Cuba and join the revolutionists. Meetings are held nightly.

DOESN'T LIKE IT.

London Paper Criticizes President For "Carnegie Jargon."

London, Aug. 25.—President Roosevelt's decision to adopt the reformed spelling in his messages and in executive correspondence is commented on by newspapers here in anything but a sympathetic spirit. The Standard bluntly declares that the president overrates his powers, adding that it declines to believe the scholarly and cultivated Americans will sacrifice the history and meaning of the language by adopting the "Carnegie jargon." Other newspapers deal with the matter in a humorous vein.

Many a man will earn an honest day's pay while another is planning a scheme that will not work.

Surprises have been handed to the local baseball fans in bunches during the past few days. The first one was when Newark took two games from Youngstown. Another one came Friday when Cotton Bates, who loves Newark as most dogs love cats, brought his Sharon bunch to Newark and in spite of the jeers of the crowd, cleanly defeated Newark and only a decision of the umpire saved the locals from a shut out.

It all happened in the first inning. After that things struck a regular pace and jogged along contentedly. Big Joe Locke was sent into do the throwing and right there was what seemed to be the weak point.

Hardy led off the batting list with a scratchy single. Paterson was passed and Kerr bunted the ball. Wratten wasn't playing up and Joe Locke had to field the ball. The result was that Locke got a late start and the runner beat out the bunt and it had to be called a hit. Ferguson did the same trick and another hit resulted when he beat it out, while Hardy scored. Ulrich grounded to Ilger, who threw to the plate to catch Patterson. Bates singled cleanly scoring Kerr and Ferguson. Sellers bunted, placing three on the bags and then Locke settled down and fanned Glassburner and McNally.

Hardy singled in the second, took second on Berryhill's error, but was caught at third on Locke's fielding of Patterson's bunt. Pat was caught trying to pilfer second and Kerr fled out to Snyder. After two were down in the third, Bates singled again but was caught at second when Sellers hit to Ilger. Locke retired the next three men in order and a bunch of circumstances developing in Newark's half of the fifth made it necessary to take out the big pitcher.

It was Baily who got the benefit of Lavelle's bad decision. He flied to Kerr in center and that gentleman made a nice catch but the leather slipped as he started to return the ball to the infield and his umps thought the fielder had dropped it Baily took second.

Haval fanned and Snyder walked, while Winters flied to first. Joe Locke picked up a stick and started for the plate, but was called back by Snodgrass, who batted in his place. It was Newark's first chaice to score and Snow wanted to do all he could to get the tally across the rubber.

Snow batted and fortunately it counted. He singled to left center and Baily scored. Snyder would have counted too but for the coaching of Berryhill, who stopped him, Snyder sliding into the bag. The fielder hadn't reached the ball yet but Snyder slid anyway.

We scored one, and it wasn't Snyder's fault that we didn't get two, as he would have scored but for Berryhill's coaching. While Wratten was at bat Snyder was caught off third by Ulrich.

Linke warmed up right away and went into the box. He did not allow a hit in four innings. Only one man reached first and that was on Berryhill's error. Glassburner also pitched well and Newark had no chance to score after the fifth. The figures:

Lanks Won Two More.

Lancaster, Aug. 25—The locals won the first game of a double header here Friday afternoon in a hair-raising ninth inning finish. The second game ended very unsatisfactorily. The pitchers were given 10 minutes to warm up. When the game started Manager McVey, after announcing Buckholz to pitch sent Borden and another man to warm up in the left field after the game had started. Umpire List ordered the men to the bench and a wrangle followed between McVey and List, and the umpire awarded the game to Lancaster 9 to 0. McVey will protest. Justus and Locke were the batteries for Lancaster. Score: R. H. E.

Newark Furniture Men Won.

The Newark furniture dealers defeated the Columbus furniture dealers in a game of baseball at Buckeye Lake park at the big furniture dealers' picnic, the score being 5 to 0. The feature of the game was the pitching of Livingston of Newark. He did not allow a hit. He fanned 12 men. Batteries—Newark: Livingston and McCarty; Columbus: Herron and Kerr. Umpire—Kerr.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair, this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HUMOROUS INNING

BY RYAN WALKER.

CATCHER'S CHEST PROTECTOR.

Helen—Is that a bib that baseball catcher wears on his breast?

Fred—Yes, dear. It keeps his shirt front from being mussed up when the ball knocks out his teeth

AN ORIGINAL IDEA.

Novelist—My new book may not prove a great success, but it possesses the merit of originality at least.

Critic—Indeed!

Novelist—Yes; the hero is a baseball umpire.

NO SLUGGING, NO KICKING.

Captain—Good morning, Mr. Goodman. Would you umpire for us today.

Mr. Goodman—Oh, I'm too old boys.

Captain—Dat's jest it. Yer so old an' feeble dat de fellers 'ud be ashamed ter slug yer, an' dere wouldn't be no kickin'.

MEAN INSINUATION.

Miss Lively—Isn't it strange that baseball players are seldom sunstruck?

Mr. Fussy—Not necessarily. Sunstroke is an affection of the brain.

BETTER THAN IT LOOKED.

Native—This is our baseball ground. It doesn't look very fine, but it's got good points.

Visiting Fan—Oh! yes, I see: it's a rough diamond.'

ONE OF MANY.

Newsboy—Extra! All about the big leather failure!

Broker—Here, boy, give me a paper. Where was the failure?

Newsboy—At de ball park. De visiting team failed t' hit de ball. See?

HENDERSON

Is Pitching Good Ball for New Salem Having Won Fifteen Straight Games.

The Goats of Lancaster came to New Salem and were taken into camp by a score of 7 to 4. Henderson the local pitcher allowed but 2 hits and caused 11 men to fan the air. This victory makes 15 straight for Henderson. He has not met defeat this season. R. H. E.

Henderson was one of the dozen or more pitchers who tried out with the locals at the beginning of the season. Of this number Linke is the only one remaining. Henderson had a good arm but his head work did not strike the Newark management as being the best. He seems to be making good in semi-professional company.

AMATEUR GAMES.

The North End Amateurs defeated the Young Rutledge team by a score of 10 to 7. Sook for the Amateurs, pitched a brilliant game, but was afforded poor support. Ferry was batted hard at critical times and was afforded even more ragged support. The game was featured by the stick work of Elliott and Good. Fred Allison played a fine game on first for the Amatuers: R. H. E.

Berryhill Will Try Again.

Infielder Berryhill, who played his first game with the locals Friday, will be given an opportunity to make good. It is claimed that his poor showing in yesterday's game was the result of the loss of sleep for two nights, made necessary by his trip to Newark. The fans judged him hastily again, not making any allowances for any reasonable excuses that he might offer. However, he hardly looked good in the first game, but here's hoping that he will prove strong enough to help us retain our present position and boost us up still further in the league standing.

VICE PRESIDENT GIVES ADDRESS

Booker T. Washington, Negro Educator, Also Attends Gathering at Grove City Today.

Columbus, Aug. 25—Vice President Fairbanks attended the exercises of the Ohio Colored Educational and Industrial Exposition at Grove City today. The vice president visited Governor Harris' office where he held a public reception this morning. Booker T. Washington, who is taking a prominent part in promoting the exposition, also attended. Mr. Fairbanks who was born and brought up on the farm where the exposition is held, delivered the principal speech today.

In his address, Vice President Fairbanks related that it was not far from Columbus that he saw a colored man for the first time. The vice president was born and reared on his father's farm in the southern part of Union county and it was in the woods on this farm that he met a negro, the first he had ever seen, who had been born and raised a slave, but had escaped from his master and come North in search of freedom.

"Those days have passed," said Mr. Fairbanks, "and passed forever. The bondsman stands erect, a free man. Where there were sectional differences there is now amity, and we seek to inculcate among all mutual respect, a common sympathy and a common aspiration."

Continuing Mr. Fairbanks said: "The importance of the work in which you are engaged can be better appreciated when we recall the fact that the black race constitutes more than 10 per cent of the entire population of the United States. The colored man is a permanent part of the great body of our people. His destiny is interwoven with the destiny of the white race. Whatever tends to improve his condition, to lift him up, to make him self-reliant, intelligent, useful member of society, is a matter which directly concerns all who constitute a part of that society.

"Since the emancipation proclamation you have made progress. One of the greatest difficulties has been [illegible]. If there are those who think your progress has not been rapid enough, they should not forget [illegible] have been [illegible] comparatively short time in the [illegible] of freedom, with its duties and responsibilities.

WILL SMITH WED MRS. ANN STEWART?

New York, Aug. 25—Is James Henry Smith, whom society calls "Silent Jim" Smith, the most confirmed bachelor in New York's elite, about to become a benedict?

Members of the 400 heard today that "Silent Jim" would soon be the husband of Mrs. Angie A. M. Stewart, who has just obtained a divorce from Wm. R. Stewart in Sioux Falls, South Dakota.

"Silent Jim" has always been regarded as the best catch in society. His fortune ranges close to $100,000,000. For years he has eluded the limed traps and ensnaring nets of many ambitious mothers who endeavored to annex "Silent Jim" as a son-in-law. Smith always had a love for society and purchased the old Wm. C. Whitney mansion.

Mrs. Stewart always aided him in his costly entertainments. She managed his dinners and dances. Mrs. Stewart's husband cared nothing for society and when she brought suit for divorce charging desertion it was not opposed by him. The Sioux Falls divorce places no restrictions on either the husband or wife. Her marriage to "Silent Jim" is now expected at any time.

Smith, along with the Rockefellers, is one of the principal owners of the Chicago, Milwaukee and St Paul railroad.

The entertainments of the evening were music and games, after which refreshments were served the following: Misses Ethel Bourne, Nellie Hunkins, Grace McDonaugh, Minnie Murphy, Dora Schneidt, Leona McDonaugh, Minnie Trezer. The club will meet next Wednesday evening at the home of Miss Leona McDonaugh at 7:30

Mr. and Mrs. S. F. Van Voorhis entertained a number of their friends very handsomely at their cottage on Orchard Island, Buckeye Lake, Wedday. Those who enjoyed the hospitality of Mr. and Mrs Van Voorhis were Mr. and Mrs. E. T. Rugg, Mr. and Mrs. J. R. Davies, Mr and Mrs J B Jones and Mr. and Mrs. E. Cary Norris. The guests were taken all over the lake by Mr VanVoorhis in his handsome naptha launch, and a fine dinner was a feature of the occasion.

A small party composed of the members of the Alphi Psi fraternity and their lady friends spent a delightful afternoon and evening, picnic fashion, at Idlewilde Park on Friday. The party was ably chaperoned by Mr. and Mrs. Forrest Rugg and Mr. and Mrs. Rugg. All the amusements of the park were enjoyed and a most delicious luncheon was served.

Those forming the picnic party were: Misses Helen Rugg, Mary Gainor, Sarah Phillips, Irene Rodgers, Pauline Rugg, Garcia Irwin, Messrs. Raymond Hohl, Wil Young, Max Tyrer and Will Hohl.

A delightful surprise was given at the home of Miss Mary Marquart this week. The amusements of the evening were card playing and prizes were awarded to Mr. George Brown and Miss Clara Daerr, and the consolations to Mr. McMurphy and Miss Blanch Smith.

Those present were Mr. George Brown, Miss Zona Yancy, Mae Bieber, Blanche Smith, Clara Daer, Lulu Connell, Ethel Shrock, Serene Redman, Florence Devine, Anna Konett, Elsie Manchester, Sadie Spiegel, Mary Marquart, Harry Sexton, Ben McMurphy, Albert Mitchell, Walter Martin, Paul Kear, Thomas Jones, Frank Curry.

One of the pleasant social affairs given this week was "the corn" supper at the home of Mr. and Mrs. P. J. Glancey, Beuna Vista street, on Wednesday afternoon, it being Mrs. Glancey's birthday. The ladies of G. I. A Division 41 planned a little surprise for her in the shape of a handsome oak rocker, which was presented to her by Mrs F. M. Howard in a few well chosen words. Mrs. R. McManus also presented her with a beautiful center piece. In the guessing contest Mrs John Powell won first prize and Mrs. Bernard Riley second prize—the two largest ears of corn. After spending the afternoon in pleasant conversation the following guests were invited out to supper, the table being spread in the yard: Mr. and Mrs. P. J. Glancey, Mr. and Mrs. F. M. Howard, Mrs. John Powell, Mrs E M Little, Mrs C H Wyant, Mrs Louis Kastle, Mrs. J Devine, Mrs. Frank Atherton, Mrs. C. F. Ryan, Mrs John Gray, Mrs. Jennie Cole, Mrs. Robert McManus, Mrs. Charles Bagnley, Mrs. E. Fryman, Mrs. E. L. Little, Mrs. Bernard Riley, Miss Blanche Hunter.

Mr. and Mrs. William Flohr very pleasantly entertained the following guests at Camp Syvygy on Friday at Buckeye Lake: Mr. and Mrs. Frank Belcher, and Mr. and Mrs. Ralph Brown.

Miss Helen Chase was the charming hostess at a porch party given at her suburban home to the Te Alca club. A delightful afternoon was spent and a number of games much enjoyed. Delicious refreshments were served on the porch.

The members present were: Misses Quinn Miller, Lenora Phillips, Eleanor Beecher, Frances Courtier, Mary Maholm, Louise Elliott, Catherine Sedgwick, Helen Chase, Mary Follett, Anna Sprague, Ruth Wintermute, Leontine Moore.

On Tuesday evening Mrs. Edward Roe of North Fourth street very pleasantly entertained the choir of the First M. E church complimentary to Messrs. Earl Alspach and Lathrop. The feature of the evening was the drawing contest, the first prizes being awarded Miss Bessie Laird and Mr. Earl Alspach, while the consolation prizes were awarded Miss Pearl Bourner and Mr. Edwin Lewis. Delightful refreshments were served and several pretty musical selections were rendered. Mrs. Roe was very ably assisted by Miss Marie Booth. About eighteen guests were present.

Miss Olive Black entertained twelve of her little friends at her home on Woods avenue Saturday afternoon from 2 to 5 o'clock. The afternoon was spent in games and in having a general good time. Dainty refreshments were served at 5 o'clock.

Those present were Misses Pauline Phalen, Mary Ganey, Helen Wright, Lillian Miller, Olive Kent, Mabel Snyder, Emma Alspach, Dorothy Beard, Jennie Miller. The out of town guests were Misses Blanche Shultz, Laura Flee of Steubenville, and Wilda Coulter of Columbus.

One of the pretty social events of the past week was the house party given by Miss Clara Funck of Lincoln, Neb., now the charming guest of Mrs. Henry S. Fleek, at the Moore homestead just south of the city. The guests arrived on Friday evening and were ably chaperoned by Mrs. Funck. On Saturday evening a circus with the side show was given by the members of the party in a realistic manner. The guests remained until Monday. Those enjoying Miss Funck's hospitality were: Miss Isabelle Martin of Brice, O., Miss Ida Moore, Miss Julia McCune, Messrs. Dr. Clark Hatch, Tom Dean of Cleveland, Mr. Burgess of Zanesville and Jesse Elliott.

Mrs. W. P. Young delightfully entertained complimentary to her daughter, Miss Christine's twelfth birthday anniversary on Thursday afternoon. A most enjoyable afternoon was spent in playing various games on the lawn. Miss Christine's friends presented her with many and very pretty presents.

At the close of the afternoon a delicious luncheon was served in the pretty dining room. The color scheme of pink and white was carried out, this being very effective in the centerpiece which was a beautiful white cake with twelve pink candles.

Those present were: Misses Adelaide Reilley, Henrietta Jordan, Lucille Callahan, Mina and Anna Hohl, Marie and Mildred Kaster, Catherine and Maxine Davis, Amy and Dorothy Kuster, Genevieve Smith, Justina Vietmeir, Clara Tallman, Anna Elizabeth Barrett, Lorena Miller, Mary Anderson, Bessie Kear, Mary Keeley, Agnes Kinney, Frances McQuade of Somerset.

One of the prettiest juvenile parties of the present season was given on Thursday afternoon by Mrs. W. C. Miller, in honor of her two little daughters, Martha Grace and Virginia Miller. The little guests spent a merry afternoon gamboling over the beautiful grounds surrounding the residence. The features of the afternoon were the large fish pond where the children fished for favors, and the grind organ and monkey, whose quaint antics caused much merriment for the little ones.

A dainty lunch was served on the lawn on small tables and the little children made a very pretty effect with their odd shaped paper caps.

The guests of the little Misses Martha Grace and Virginia were: Thelma Mazey, Helen Norpell, Mary Carl, Catherine Steinmetz, John Spencer, Rebella and Bertha Gleichauf, John and Helen Fuller, Wilson and Max Rosebraugh, Howard Heldenbrand, Richard Doe, Louis and Maynard White, Joseph Hawkins, Mary Haymond, Esther and Helen Tyrer, Roderick Miller, Helen Wright, Martha Wright, William Fulton Fitzgibbon, James Hamill, Virginia Brown, Elizabeth Kibler, Marion Kibler, Frederick Woodbridge, Anne Everett, Robert and Marion Evans, Florence Thompson, Angela Kennedy, Gerald and Mary Elizabeth Smith, Elizabeth and Albert McNamar, Frances Fitzgibbon, Lee Baird, Paul Link, Eleanor and Ernest Johnson, John Sherwood Fleek, Adele, Kenneth and Frederick Koos, Dorothy Swisher, and Elizabeth Sprankle of Knoxville, Tenn

Announcement was made at Lake Side of the approaching wedding of Miss Gladdys Hilliard, who is well known in Newark social circles, and Mr. Herbert Mussey, a prominent young man of Philadelphia. The wedding will take place some time in September. Miss Hilliard is the talented daughter of Col. and Mrs. J. V. Hilliard.

Miss Genevieve Forry was the charming hostess of a thimble party given at her suburban home north of the city. A word contest was one of the amusements of the afternoon and for which Miss Mary Fulton and Mrs Frank Elliott received the dainty souvenirs. A most delicious dinner was served at five o'clock on the pretty lawn fronting the residence

The guests present were: Mrs East, Mrs. Forry, Mrs. Frank Elliott Mrs. Barnes, Mrs. Nevin, Mrs. Stare, Mrs Grant Jones, Misses Alice Ashbrook, Eveline Thacker, Mary Fulton, Grace Jones, Marguerite Wallace, Louise Stewart, Anna Priest.

On Friday evening the Alberta club gave one of their very pleasant dances at Buckeye Lake park. The merry party left the city at 7:30 on a special car and dancing was enjoyed to the strains of Marsh's orchestra until a late hour.

Those present were: Mr. and Mrs. Walter Snodgrass, Misses Stella Howard, Mary Nichols, Mabel Moore, Helen Jones, Louise Jones, Margaret Nichols, Pearl Mercer, Amy Alspach, Irene Henthorne, Clairmian Prior, Nellie Mead, Anna Davis, Ruth Allen, Addie Jones, Nellie Jones, Grace Platto, Orpha Hollinger, Messrs Louis Daerr, Walter Davis, Fred Knowlton, Ed Davis, Will Blood, Harry McKenzie, Roy James, Carl Kuster, Clay Van Voorhis, Fulton Van Voorhis, Mr. Trump, Roy Sears, Harry Bell, Maurice Kent, Lee Williams, Julian Speer, Robert Hayes, Fred Goodwin, Grover Hart, Harry Miller, Verne Prior, Herbert Moore, Clarence Jones. Miller, Mabel Miller, Misses Emma and Dora Scheidler, Mrs. Oscar Scheidler, Miss Esswine. The out of town guests were: Mrs. J. F. McQuaid of Somerset, Mrs. Klinker, Misses Klinker of New York City.

Mrs. W. T. Moore of West Main street, entertained very pleasantly complimentary to her sister, Vashti P. Flesher of Middleport, Ohio, on Friday afternoon the following little misses: Clotilde Howard, Olive Howard, Lorena Miller, Elizabeth Miller, Elizabeth Claytor, Ruth Daly, Mildred McCahon, Genevieve Mannion, Lillian Mannion, Gertrude Eagan, Mary Evans and Florence Evans.

THE ROUND TURBAN IS MODISH.

Those fancy mixed braids of which the modern milliner makes such effective and so many uses are turned to good account in this novel little shape, one which displays well the recent tendency of fashionable hats to maintain even smaller lines than the summer models produced. A large crown that sets comfortably to the shape of the head and a narrow rolling brim that strongly suggests a sailor shape are the component features. A moderately sized bandeau—that is, it is moderate compared with some of those noted recently—is tucked in at the back, to give the chapeau that smart and becoming tilt over the forehead which proves so welcome to those of regular features. The outer edge of the brim is bound with a bias velvet band, under which the shaping wire is concealed; and this same velvet reappears in the cravat of ribbon that encircles the crown, making an edging to it both top and bottom. The ribbon displays two shades of hydrangea blue, making a pretty contrast to the dark green of the velvet and felt braid; while the trimming feathers are of a soft grayish shade of fawn, with marabout in white, tipped in gray, applied on each feather. Quite a little marabout is tucked in among the ribbon loops that trim the back bandeau, and lend a light and airy effect to an otherwise plain trimming scheme.

A GOOD FACULTY

Bliss College of Columbus, has secured the services of Mr. J. T. Yates, principal of the shorthand department of the famous Albany, N. Y., Business College, for their Newark branch on South Fourth street. Mr. Yates was born at Andover, O., and was educated in the public schools at that place. In 1887 he completed the course and received the degree of Bachelor of Science at New Lynne Institute. After teaching in the Andover schools for two years he graduated from the shorthand department of the Spencerian Business College at Cleveland, O. Then followed five years as a stenographer and private secretary to a man of large affairs. In 1894 Mr. Yates was made principal of the shorthand department at the Jamestown, N. Y., Business College, remaining there six years. He has a wide reputation as an author and contributor to several of the leading magazines.

Mr. C. S. Jackson formerly a commercial teacher and for the past four years bookkeeper for the Columbus Buggy Company of Columbus, O., has been engaged to succeed Mr. C. V. Alspach in the commercial department.

Miss M. E. High, the former shorthand instructor has been retained for the shorthand department. Mr. W. W. Skinner of the Columbus school, acts as special representative.

Bliss College has been extremely fortunate in securing this very able corps of teachers and with the school's enviable record of the past two years, Newark may well boast of one of the best business colleges in the state.

LOST BY PALMA

(Continued from Page 1.)

feated by insurgents near Guane and driven from the field. The estimates of casualties among the loyalists vary from 3 to 9 killed with several wounded.

Finances are already beginning to worry the authorities. The government has been to an extra expense of nearly $300,000 already in its military operations.

With the saddling of the additional cost of supporting 10,000 men in the field, whose pay alone will be $20,000 a day, the strain is bound to prove too much in a very short while

Paris, Aug 25.—Emissaries of the Cuban revolution are busy here trying to engage French sympathy for their cause, declaring the insurrection in the island is really due to President Palma's government's supine attitude toward the continual interference of America in Cuban affairs. The emissaries declare Cuba has been subjected to a thinly veiled tyranny making liberty a farce and practically duplicating the conditions which existed in Cuba during Spanish rule there.

REBEL FORCES IN GOOD CONDITION

Are Fixed For Long Campaign—American Planters Hoist Stars and Stripes for Protection.

Havana, Aug. 25.—Unofficial advices from the western part of Pinar Del Rio province are to the effect that the insurgent forces concentrating west of San Juan de Martinez are far more formidable than was supposed, and well supplied for a long and aggressive campaign.

A prominent resident of Havana, after a tour in the vicinity of San Luis and San Juan de Martinez, says Pino Guerra's following in Pinar Del Rio now is certainly from 1,500 to 2,000 men, abundantly supplied with every possible necessity.

All the tobacco plantations owned by Americans and American properties are flying the United States flag and are not being molested.

Reports from the country district say the people generally have been influenced by the Liberal leaders and are inclined to be distrustful of the motives of President Palma's government. Therefore they readily sympathize with the cause of the insurgents. In the cities there is much more approach to genuine patriotism, but the government's offer of $2 per day for all recruits meets with slow response. Many men are interested in the crisis as onlookers, but a genuine general desire to fight for the government is lacking.

President Palma has not left the palace during the week. He is constantly receiving reports, holding consultations and issuing orders. He is assisted in his work by his two right-hand men in the cabinet, Fout Sterling, secretary of the treasury, and General Rafael Montalvo, secretary of public works. President Palma bears the strain of his labors remarkably well, considering his age, and does not appear especialy fatigued in spite of the arduous nature of the duties he has performed for the last four years, contending most of the time with a hostile congress. He is hopeful of the outcome and is confident of the loyalty of Cubans in general.

Colonel Jose Estrampes with 45 recruits from Havana was fired on by 80 insurgents ambushed behind a wall near Guines. The recruits were routed and three of them were killed and six wounded.

A force of 600 troops started by train from Pinar Del Rio for San Juan de Martinez.

Government artillery under command of Capt. Pujol occupied San Juan de Martinez without resistance. This town was taken Aug. 23 by a band of insurgents operating under Pino Guerrera. At San Antonio de Los Banos, Havana province, 21 miles southwest of Havana, a detachment of rural guards encountered a band of insurgents. Of the latter two were killed, their comrades dispersing.

General Jose Miguel Gomez, at his formal arraignment, denied the allegation that he engaged in conspiracy against the government. There is no foundation in fact for the rumor in circulation that the government has begun negotiations with Pino Guerro. The government expects that the steamer Mexico, which will sail from New York, will bring 18 rapid-fire guns, 10,000,000 cartidges and 12,000 rifles.

Gomez, in an interview said: "I declare that I have never had any knowledge of this unfortunate conflict, and that if I had conspired against President Palma's administration, I have more than sufficient pride to boldly admit it now. You may assure the people of the United States that I have not conspired to disturb the peace and prosperity of the country." Gomez declared that he had been arrested because many of his friends are in arms, and he reiterated his denial of complicity in the insurrection.

Orestes Ferrera who was the campaign secretary and manager of Jose Miguel Gomez, and who was with him in New York several months ago after Gomez gave up his presidential campaign, was arrested in the city of Santa Clara on the charge of conspiracy. Ferrera is suspected of trying to secure arms and ammunition in the United States for the use of insurgents.

In an interview Alfredo Zayas, vice president of the senate and leader of the Liberal party, said: "The Liberals will take no action or make any official statement with regard to the present revolt unless the independence of Cuba should be menaced by actions of the revolutionists or the government which would be likely to bring outside interference." Senator Zayas admitted that it was true the majority of the insurgents are Liberals, but claimed that there are also Moderates and Nuneztas among the insurgents. The Liberals, he said, always opposed resort to arms, and did not countenance this method of protest against the manner of holding the last elections.

KELLENBERGER HOME AT MARION IS BURGLARIZED

Mr. Charles W. Kellenberger, who is here with Mrs. Kellenberger, visiting his father, has received a message from Marion, Ind., saying that his hame has been ransacked by burglars. What was stolen is not known The Advocate received the following from Marion on Saturday:

Marion, Ind., Aug. 25.—For the first time in more than a month a robbery was reported to the police on Wednesday night. Between 7:30 and 8 o'clock burglars entered the home of Charles Kellenberger at 514 South Branson street and ransacked his house, getting away before being discovered.

Mr. and Mrs. Ed Campbell occupy a part of the double house. Mr. and Mrs. Kellenberger left recently for Newark, Ohio, for a visit. They left the keys to their home with Mr. and Mrs. Campbell. Mrs. Campbell saw a light burning in a room and she told Mr. Campbell, who notified the police. Every drawer had been ransacked and the room turned topsy-turvy.

WEDDINGS.

SOLLIDAY-GREGORY.

Hosts of friends will learn with surprise of the marriage of Miss Sylvia I. Gregory and Mr. Elliott W Solliday, which occurred at Newark at 3 o'clock Friday afternoon at the residence of the Rev. T. L. Kiernan, pastor of Plymouth church.

The bride is adaughter of Mr. and Mrs. John Gregory of New Concord, route No. 37, and is well and favorably known throughout the section of country where she has always resided.

Mr. Solliday, the groom, is a son of Mr. and Mrs. Lewis Solliday, Cambridge R. F. D. No 6, and is a prominent farmer on his own account.

Mr. and Mrs. Solliday did not reveal even to their most intimate friends the secret of their approaching marriage and when they passed through Zanesville no one outside of their respective families had been apprised of their intention to wed so soon.

Mr. and Mrs. Soliday will reside near Cambridge, where they will be at home to legions of friends. They are now on a wedding trip which will not terminate for two or three weeks.

NIGHTFALL AT BUCKEYE LAKE

(By Tiffin Gilmore.)

Encircled round each drifting boat,
Flags and the shattered lillies float,
With oars adrip—the lovers now,
Give heed alone to love's sweet vow.
The mudhens croon: or voice so shrill
Their fancied wrongs, all else is still

And while yet the rosy afterglow,
Of evening sun, now sunk so low,
Awakes, attuned, by glow-worms' light,
The myriad minstrels, of the night
Beneath the soft ascending moon,
In reveries, the senses swoon.

And waxen white the lillies part,
Outstep the wood-nymphs from each heart,
And fireflies add a radiant light,
The fairy dance is wild tonight!
And frogs and crickets now are there
Absolved are all, from earthly care.

Pavilion lights now beckon where,
The mazy waltz, is treading there,
"Stay! Oh stay! Ye must not go,
While hardly yet your hosts we know."
"Here, moss and sedges bind each oar
Hold captives here by Buckeye shore."

VERRILL'S LETTER TO COUNCIL

Representative of New Owners of Old Water Works Takes Up Objections to Appraisement of Property Raised By Council and Answers Each.

The Advocate today received a copy of Mr. H. M. Verrill's letter to the Newark City Council in reference to the proposed appraisement of the water system. This paper announced on Friday that Mr. Verrill had declined to name a price for the old water works but at that time the full text of his letter which is given below, was not available.

To the City Council of Newark, Licking County, Ohio:

I am in receipt from the Clerk of the Council of a copy of the report of your committee to which was referred my proposition for the valuation and sale of the water property at Newark. Your committee's report, which was accepted by the council, states that my proposition was declined for the following reasons:

First—That the selection of three honest, competent and disinterested water works engineers will be a very difficult and tedious matter.

Second—That it would involve the city in an expense of several thousand dollars.

Third—That if the appraisement was too high and rejected by the vote of the people, the amount spent for the appraisement and the election would be absolutely lost to the city.

Fourth—That it would take at least three months and perhaps more to select the engineers, complete the appraisement and submit the matter to the vote of the people and would greatly delay the city in the construction of the new plant.

Fifth—That the city should not consent to a valuation based upon a replacement of the old plant, as that would require the city to purchase and pay double value for a large portion of the old plant, for which it would have no use, and which would be of little or no value to the city.

Sixth—Your committee would recommend that Mr. H. M. Verrill be requested to submit to said council, in writing, by Monday, August 20, 1906, a price at which he would be willing to dispose of the old city water works plant, and if the price so submitted is reasonable that the matter be submitted to the vote of the people, and that if he decline such proposition that the board of public service be directed and required to proceed at once with the construction of the new plant.

Taking up these reasons in the order in which they are stated I desire to say:

First. The selection of two honest, competent and disinterested water works engineers should not take over two weeks at the outside. A third would probably be unnecessary, but if he were needed the other two could quickly select the proper man.

Second. The expense to the city need not exceed one thousand to fifteen hundred dollars all told and for this expense the city would be able to learn what it does not know today, namely, the actual value of the present water works plant, be the same more or less.

Third. If the citizens voted against purchase the amount spent for the valuation and the election would by no means be lost since the city officials would gain enough in knowledge on water works matters to enable them to save the city very much more than the amount spent when it came to applying their knowledge in the construction of a new plant. At the present time the city has lost a large amount of money through lack of knowledge upon the part of its former officials who began the construction of a water works plant without the experience in such matters which is required for economy and efficiency. The people of Newark have already perceived the expensive result of this lack of knowledge and would doubtless be willing to expend a small amount of money now in order to save many times as much in the near future.

Fourth. It need not take over sixty days to complete the appraisal and submit the matter to the vote of the people and if it took longer I fail to perceive what harm would be done to the city even if the people voted against taking the plant. It is conceded that the present plant must go on and supply the city after the present hydrant rental contract has expired. I cannot exact for such service from the city more than the service is reasonably worth and I believe the citizens are already convinced that the bondholders have no disposition to ask for a larger payment from the city than the service is worth. Moreover a delay to the city of two or three months in the construction of a new plant would be extremely valuable since it would enable the city officials to study the water works question and avoid the mistakes made by many cities in attempting to construct water systems before acquiring sufficient knowledge upon the subject I am creditably informed that the city of Mobile after constructing a water works plant at a cost more than double the original estimates has now voted to purchase the old plant for a large amount of money. The new plant constructed without a careful study of the situation is reported to be inefficient and therefore the city must go to the great expense of paying $350,000 for the old water works property.

It should be remembered that I offered the very day that I bid in the plant for the bondholders, May 15th last, to turn it over to the city at an appraisal. I certainly am not responsible for the delay in this matter and have not changed in my attitude since I took possession of the property. The delay is the fault of the city, but it will be a good thing for the city in the end if it leads to a study of the water works problem and the gaining of some knowledge about it. It is absurd to suppose that the construction of a complete water system for a growing and prosperous city like Newark can be carried out by city officials who know nothing of such business. They will have to depend upon an engineer when it comes to making plans for a plant and bids for contracts upon the plans and they will succeed or not in building a good plant according to the ability of the engineer. The city has already had a valuable but very expensive experience with one man and should have learned a lesson from that experience. When therefore a delay of two or three months' time, which is all that would be required for a valuation of this plant and the holding of a special election, is urged as an argument against such valuation it would seem as if the present city officials had learned nothing from the unfortunate experiences of former ones.

Fifth. The city could use in one way or another every portion of the present plant and under the proposed valuation would have to pay for it only what it is worth today as it actually stands and not what it cost. The city was not asked to pay anything for the franchise, the earning capacity of the plant, the expense saved in tearing up streets, or for many other items which are usually considered in appraisals. My offer was to sell the plant for its replacement value less a reasonable and usual deduction for depreciation due to use. The only difficulty with this offer seems to have been that it was too favorable to the city to be appreciated. Another most important gain to the city would be the elimination of the competition of the present plant, a serious and dangerous menace to the running of a municipal property. The city would also gain the tremendous advantage in purchasing the present plant of getting at once a property with a large running income. This item alone would save more to the city than it would possibly lose through taking in the old plant some pipe lines which the city might wish to replace later with larger lines. Any lines which might be replaced are now all paying property and if taken up could be relaid again in other portions of the city. The elements of value specified above and delineated in my proposition although usually considered in valuing a plant would very much more than compensate for anything the city might lose in taking up mains in one place and putting them down in another or even in throwing them away.

Sixth. My reason heretofore given the council both verbally and in writing for not placing a price upon the water plant cover that point. It is sufficient here to say that though I have spent a number of years in the study of different water properties I do not feel competent to value this one and I am not justified in taking the responsibility of putting a price upon it. In a final settlement of this matter I must report to my clients, the bondholders, and I purpose to so report to them that they will feel I have acted wisely in the care of their interests. Even if I assumed the responsibility of naming a price the city government would not know whether or not it was fair and we could make no progress along such lines.

The foregoing does not cover the matter at issue except in a cursory way but it is sufficient to outline some of the reasons which compel me to decline to offer the Newark water property to the city on Monday next at a price fixed by me and without a careful examination of and report upon that property by competent disinterested water works engineers.

Portland, Maine, August 18, 1906.

THE LABOR DAY CELEBRATIONS

WILL BE HELD IN NEWARK AND ALSO AT BUCKEYE LAKE ON SEPT. 3.

Controversy Between Trades Council on One Side and Molders' Union and Others Not Settled.

The controversy between the Trades and Labor Council on one side and the molders' and bartenders' unions on the other side, with reference to the celebration of Labor Day this year is waxing warm. The molders and bartenders are insisting that the celebration be held in Newark and the Trades Council has decided to take the official celebration to Buckeye Lake. There is still a difference of opinion among the labor unions, and some of them are supporting the molders in their movement, while the Trades Council is getting the support of the larger organizations.

It was stated erroneously Friday night that the Trades Council had held a big meeting in the Music Hall. This meeting was held under the auspices of the molders and the Trades Council was not represented.

The Trades Council's Side.

Mr. John A. Donahue, who is the chairman of the Labor Day committee, which is authorized by the Trades Council and appointed by it, states that the committee has made arrangements to celebrate Labor Day at Buckeye Lake and that the celebration will be held there. This action of the committee has been approved by the vote of the delegates to the Trades Council at a regular meeting. It is further stated that there will be no further meeting of the Trades Council to rescind this action or to modify it. Therefore, the official celebration will be held at Buckeye Lake regardless of what action other unions may take.

The Trades Council affairs are in the hands of the committee, officially appointed and indorsed by the central body. There will be no meeting held to discuss the place of the celebration as this has been selected and the selection approved by the Trades Council.

From the Molders' Standopint.

The molders and their followers at a meeting held Friday afternoon, voted to celebrate Labor Day in Newark, on the public square. A committee composed of Messrs. Will McDaniels, E. J. Mathias, Dan Davis, Wiliam Lannigan and James Jackman of the Molders' union, No. 152, and Messrs. Frank Graff and Charles F. Walton from the Bartenders' union, has been placed in charge of the celebration and are making arrangements for the program.

The boosters of the local celebration claim that any effort to take the big celebration out of the city is unfair to the local merchants who will benefit by the celebration in Newark. It is for this reason, they say, that the plan of holding a celebration in Newark was formulated.

This meeting is entirely independent of the Buckeye Lake celebration, and is not held with the approval of the central body of labor organizations.

Trades Council Delegates.

It has been unofficially announced that there would be a meeting of the Trades Council Sunday morning at 10 o'clock. Notice is hereby given that there will be no meeting until the regular meeting date, Sunday, September 9. (Signed).

Gotleib Flohr, President.
George Crochans, Secretary.

No Meeting Tomorrow.

The official Labor Day committee announces that there will not be joint meeting of this committee with any other committee on Sunday, August 26. (Signed).

John A. Donahue, Chairman.
W. F. Seymour, Secretary.

Notice to Merchants.

Local Merchants are hereby notified that no man, or committee, is authorized by the Trades Union and Labor Council to solicit any subscriptions or donations for Labor Day. Any requests in this direction are purely personal and have no connection with the central body. The official Labor Day committee has already made its arangements for the Labor Day celebration at Buckeye Lake, and is not asking for contributions. Everybody has a standing invitation to join with organized labor in this grand meeting.

John R. Donahue, Chairman; Gotleib Flohr, J. J. Bausch, Arthur Pitts, S. C. Alsdorf, W. T. Seymour, J. M. Mitchell and Jas. Linehan, Labor Day Committee.

TOMBSTONE-RING SUIT IN COLUMBUS

Newark Jeweler Sues for Price of a Ring and Columbus Man Asks Pay for Tombstone.

Columbus, Aug. 25—A tombstone valued at $8.50 marks the grave of the mother-in-law of Emil Sohn, a jeweler of Newark, for which he has never been paid a cent.

Joseph Hauck, of Columbus, who erected the monument, carries or has given to some one an engagement ring valued at $5.95, which he purchased from Sohn, but did not pay for.

Through Leo Velt, Sohn brought suit in the magistrate's court for the recovery of the price of the ring, and Hauck put in a counter claim for the marker, which Sohn declares was merely a present.

The suit was dismissed yesterday by Magistrate E. W. McCormick who held that Velt had no interest in the proceedings and that the suit should have been brought by Sohn himself. It is probable that this will be done.

PRISONER

Behind Bars at Bedford Insists That He is Innocent of the Girl's Murder.

Bedford, Ind, Aug. 25.—"If they hang me for this murder, it will be because somebody swears to a lie." With his hands clenching the bars of his cell and his face distorted with the physical strain he suffered, Ernest Tanksley spoke out his innocence and fear at one last midnight, after an hour's talk with a reporter.

"I am innocent," said Tanksley. "Go to my lawyer if you want more."

Tanksley, a big, clear-eyed fellow, stood strong behind his lawyers admonition of silence, for an hour, and then made denials of alleged testimony against him but would not speak at directness. The man was frightened, and he admitted it.

"I know I'm in a bad fix," he said "Anybody behind these bars would be. It's not any murder charge I'm afraid of, though. It's the case of desertion that they have against me, that is too strong to deny. I'm afraid they'll give me a jail sentence."

"Have you any enemies who would bring a murder charge against you falsely?" he was asked.

"I do not know of any."

Though Tanksley doesn't know it, the men who it is declared in the sensational story sent out from Evansville came to among [illegible] him instead declare the place a strong alibi.

Under investigation, the story has fallen to pieces on all sides.

A NEWLY MARRIED DOCTOR'S RESIDENCE

Defaced With "Love in a Cottage," and Other Inscriptions Not So Appropriate.

Mt. Vernon, O., Aug. 25—The residence and office of Dr. Irvine Workman of Gambier, were defaced during the night by unknown persons, who covered the building with painted inscriptions, such as "Love in a cottage," and numerous others not so appropriate. Dr. Workman was recently married to a Delaware lady and is now away on his honeymoon. The damage to the property will amount to hundreds of dollars. Dr. Workman gave testimony in the Pierson case some months ago, and it is believed that some one is getting even.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist church, Belair, Ga., says of Electric Bitters: "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at Hall's Drug Store. Price 50 cents.

FURNITURE MEN AT BUCKEYE LAKE

ANNUAL PICNIC FRIDAY WAS ATTENDED BY NEARLY ONE THOUSAND PEOPLE.

Newark Won in Baseball Though the Game Was Short Lived—Greenwood Lake Next.

The annual picnic of the Furniture Dealers' Association of Columbus, Newark and Zanesville, was held at Buckeye Lake on Friday, and nearly 1000 people from the three cities were in attendance. Three special cars from Newark, one from Zanesville and four from Columbus were run to the park all crowded with employes of the various furniture houses and their families. In addition many people went out on the regular cars in the afternoon and evening.

The day of gayety was spent at the popular resort in a social way, with ball games, picnic parties, bathing, boating, fishing, dancing and games of various descriptions, the excursionists entering into the sports with zest and enthusiasm. In a ball game with Columbus Newark proved superior. At the end of the sixth inning the score stood 5 to 0 in favor of Newark, and there is no telling how many more Newark would have scored had the full nine innings been played. Owing to the heat, however, the game was abandoned for milder sport. Dancing held the attention of the visitors for several hours before the crowd commenced leaving for their homes. The outing next year will be held at Greenwood lake.

The committee in charge of the affair is to be congratulated upon the success that crowned the annual outing.

Babylon was probably the first city to attain a population of 1,000,000. The area of the city was 225 square miles.
